

REMARKS

Reconsideration and allowance are respectfully requested.

Applicant believes that the amendments presented in the Response filed January 28, 2005 have been entered in this case. The amendments proposed in this Response address certain informal issues in some claims. Also newly added claims 54-95 are similar in scope to the allowable/allowed claims, all of which define the inventive electrostatic filter/filter-eyewear. No new matter has been added. Entry and allowance are requested.

Nothing in the references, either singly or in combination, teaches or suggests the claimed features. Therefore, the references cannot anticipate nor render obvious the present invention as claimed.

Since Applicant has presented a novel, unique and non-obvious invention, reconsideration and allowance are respectfully requested.

Respectfully,
